

# Brooks Dance Center

June 2013 Newsletter  
Issue #1

**WELCOME!** I'm so excited to have finally opened my studio, and even **MORE** excited to have so many students – **THANK YOU ALL!**

I plan to send out newsletters once a month – but as always, please feel free to call the studio 608-7447 or email me if you have any questions or concerns.

- **Classes - Our summer classes are off to a great start! Below are a couple key notes on a few specific classes:**
  - **Intermediate Hip Hop – spots still available!**
  - **Tiny Tot Hip Hop – response to this class has been great, hence – it's a very big class. I'll have a helper in class moving forward to assist in keeping those little ones focused and dancing. I do ask a favor of the parents – please help us keep the kids in the studio and not going in/out of the door, it's bound to happen in the beginning - but it's really important for the kids to be concentrating on what we're doing in class. ☺**
  - **Zumba & Stretching – We had a lot of fun last week, spread the word if you/someone you know is looking for a fun way to exercise!**
- **Shoes, tights & more – I expect to have more shoes in later this month, if I'm out of your size please let me know so I make sure to get enough!**
- **Parking – There is additional parking in the back of the studio, please drive around the side of the building for plenty of extra space!**
- **Studio - The studio renovations are almost complete, some additions you'll see over the next month or so:**
  - **Signage – more in-studio signage & parking signs**
  - **Studio windows – as is the case in almost all dance studios, I will be covering the door & window that look into the studio space with a film. This will block viewing of the classes from the waiting room, and while I know that it's fun to watch your little one – it's very distracting and this will help me keep the kids attention.**
  - **Playroom – we have a great room and toys for other little ones to play and keep them entertained, I just ask that you leave it as it was when you arrived.**

The schedule for **FALL** will be available soon!

Thanks everyone!

Katie
